ASBESTOS CEMENT SIDING

Fire Protection—Made of Portland cement and asbestos fibres. Does not burn.

Lifetime Service—Made of lasting materials, USG Asbestos Cement Siding offers a lifetime of satisfaction.

Lower Costs—Never requires paint. Tighter walls help to reduce fuel bills.

Longer Shingles—Only 27" siding shingle available. Means less joints, better insulated wall.

Die-Cut Edges—All edges die-cut simultaneously. Better alignment, tighter joints, neater job.

Strength Where Needed—Reinforced from top to bottom—the point of greatest strain.

Greater Texture Variation—24 different texture designs.

Color Uniformity—Full 28 days' curing assures true, lasting colors.

Remodel Now—Pay Later

With the USG Monthly Payment Plan it's easy to rejuvenate your home. We will see that you are furnished with full information without obligating you in any way.

• You need not pay a single penny down—you pay the easy way—on a monthly budget plan. You get new side walls now and pay later.

Why delay and take chances? Call or write us today.
