Administrator Zeldin,

Congratulations on your recent confirmation as Administrator of the Environmental Protection Agency (EPA). On behalf of the American Fuel & Petrochemical Manufacturers (AFPM), we are confident that your leadership will bring a fresh perspective to the agency, help strengthen its role in addressing the complex environmental challenges we face, and provide the necessary innovation to bring pragmatic solutions to the table. We would welcome a chance to meet with you to discuss in more detail AFPM's priorities.

AFPM is the leading trade association representing the U.S. fuel refining industry, which supplies gasoline, diesel, jet fuel, sustainable aviation fuel, and renewable diesel around the country and the world; the petrochemical industry, which manufactures the essential building blocks for modern life; and the midstream energy industry, which makes it possible to transport energy feedstocks and products where they need to go. Our companies support nearly 3 million high-quality U.S. jobs and have facilities in more than 30 states.

I hope that your schedule permits you to accept our invitation to meet. Please feel free to contact Aaron Ringel (aringel@afpm.org) on our staff if you have any questions.

We look forward to hearing from you.

Sincerely,

Chet Thompson
President and CEO
