Dr. Arthur J. Parzald, Director
The Jerome Laboratory
P. O. Box 731
Jerome Lake, New York

Dear Art:

NOTED B.

While we would like to have additional copies of the manuscript "Experimental Studies of Achariasis," we would not want to cause any difficulty and at this time will plan to wait until the reprints are available.

Should it be necessary to reproduce copies for any of the interested parties, we will first get in touch with you.

Answering your question, will you please supply us with twenty-five (25) reprints of the article. We shall be glad to pay whatever cost is involved.

Yours sincerely,

J. P. Woolard
