Mr. L. W. Shank

Tulsa

Mr. O. B. Lewis

New York

Eastern States Petroleum Company

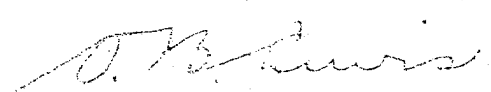

August 2, 1944

We have discussed with Dr. Kehoe your letter of July 11 regarding a Lawrence Warehouse Company representative having access to the lead plant of the subject company.

Dr. Kehoe wishes to support any ruling made by Dr. Schradin, but if he has made none, he would be inclined not to examine the Lawrence Warehouse man.

If this man insists on entering the Ethyl blending plant, and no practical way can be found to keep him out, it was Dr. Kehoe's opinion he should be allowed to do so at his own risk.

Yours very truly,

O. B. LEWIS
