PERSONAL

Dr. R. A. Kehoe,

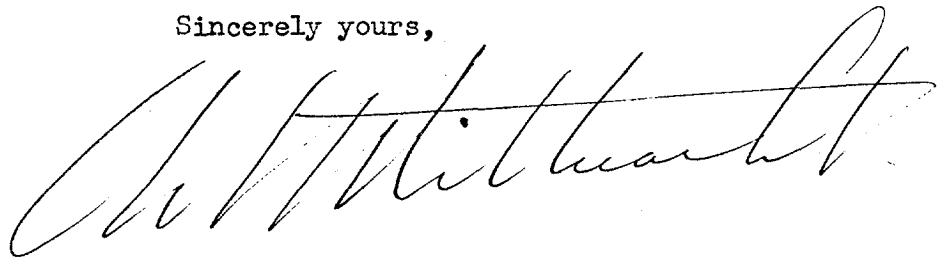

Dear Dr. Kehoe:

Regarding the [REDACTED] case, we have had several preliminary contacts with the attorneys appointed by the family but there have not been any very significant developments as yet, except there is an indication that if they feel there is any possibility of being at all successful in bringing an action against us, that this will probably be done.

In order to have our files complete, in a discussion with Mr. Webb yesterday, we both thought it would be desirable to have a copy of your Department's complete record on the case. I believe that Bob visited your laboratory on several occasions, and of course Dr. Schradin attended him at the last. If you would please let us have copies of your complete history we would like to have them here in New York and I will assure you they will be kept in my confidential files for perusal only by the officers of the company and possibly our attorneys.

With best regards.

Sincerely yours,

C:C
