O L Day

6/30 - 7/1 Called John Eden Wilson of Island Glove
& Equip Co. About the wheel #485 asbestos
glove. At one time they had an asbestos glove but not
the wheel #485.

During the conversation he told about an inquiry about
3 or 4 years ago, along the same lines from the

Ormet Corporation.

He advised that Ormet were their case
and suggest we contact them. He was very
impressed that they would be willing to
share their info with us.

(2) Cannot locate an asbestos glove in the
So. Charleston, West.

(3) Checked with Institute Plant - Charley Hill, Tel #6517
who found someone who has an asbestos glove but not
a wheel. Also knows of someone else who is supposed
to have one and as soon as he returns from vacation

Will check with him to see if its a Wheeler #4815.
If it is he will contact J.C. Cozart.
