1989 with that organization?

A Yes.

Q Were there any other titles or positions other than those you just mentioned that you held at the FMSI?

A No.

Q How was it that you came to work for the FMSI?

A I had a background in friction materials having worked for a brake lining manufacturer and I had also worked for a public accounting firm in New York City, Haskins and Sells, so I had a business background. So apparently someone knew of my background, suggested I look at the job.

Q Do you know who had indicated to you there was an opening at the FMSI? How did you find out about that?

A An individual whom I knew at Bendix told me of the opening.

Q Do you remember his or her name?

A Mr. John Kelly.

Q What was his position at Bendix?

A I haven't the slightest idea.

Q What was your position at Bendix at the time that you heard of this job at FMSI?

A I was not at Bendix at the time I heard of this job.
