My dear Felix:

It was very kind of you to take me to the
Miners Club for luncheon with Messrs.
Wilson and Martino last Friday.

I fear that the conversation may not have
been very interesting to you, because the
trend which it took involved National Lead
and Eagle policies more than industry prob-
lems. I certainly appreciate your making
it possible for me to meet these two gentle-
men in such a pleasant manner and also your
making an appointment for me at St. Joe.

I am writing Willard and asking him to loan
you his copy of the report of the Inter-
national Statistical Bureau when he receives
it.

With best regards,

Sincerely yours,
