HOME OFFICE

(Explosives Department),

Room 35,

Home Office,

Whitehall, S.W.1.

14th November, 1952.

Gentlemen,

I beg to refer to the recent visit I had from your Mr. Gill, when we discussed the recommendation in the Final Report issued in 1930 on the use of tetra-ethyl lead in motor spirit, namely, that you should include in your agreements with the various companies that the pumps from which leaded petrol is served should contain a notice to the effect that the petrol contains tetra-ethyl lead and advising certain precautions. I have now consulted the authorities here and they do not expect your Corporation to include this term in your contracts.

I am, Gentlemen,

Your obedient Servant,

(Sgd.) H.E. WATTS

H.M. Chief Inspector of Explosives.

The Associated Ethyl Company Limited,
Artillery House,
Artillery Row,
S.W.1.
