Following dinner, Mr. C. B. Branch, Chairman of the Plastics Committee, called the meeting to order and welcomed the many member representatives who were participating with this Plastics Group for the first time.

PLASTICS COMMITTEE

In keeping with the Terms of Reference for the Plastics Committee activities, the Board of Directors that day had approved the appointment of Messrs. J. C. Richards, Jr. of B. F. Goodrich Chemical Co., John F. Snyder of Hooker Electrochemical Co., and Spencer E. Palmer of Eastman Chemical Products, Inc. to replace Messrs. M. G. Milliken and G. C. Miller, who had served their two-year terms, and Dr. L. Eckler, who had resigned.

ANNUAL REPORT

For the Plastics Committee, Chairman Branch gave a brief digest of the activities over the past year as contained in the MCA Annual Report for 1955. Copies of this will be supplied each member of the Plastics Group.

FINANCIAL PACKAGE

The report on the past year's operations of the Plastics Group Financial Package and a proposed budget had previously been circulated to all Executive Representatives together with the assessment that would be necessary for that member. The Plastics Committee unanimously recommended adoption of Budget "B" which would finance revision of "Technical Data on Plastics," in addition to continuation of the research program, membership in three building officials conferences, and a nominal amount for Statement of Principles and contingencies. On motion, duly seconded, the budget was unanimously approved.
