## Interoffice Communication

To PCB File  
From J. R. Holcomb  
Date June 2, 1983  
Subject PCB Annual Report

|            |               |
|------------|---------------|
| ROUTE TO:  | _____         |
| COPIES TO: | _____         |
| FILE:      | <u>LC VCM</u> |

The following information is provided for the VCM Plant as related to the PCB annual report.

- 1) All PCB items were removed from service February, 1979, placed in storage for disposal in March, 1979 and shipped to the disposal site in May, 1979.
  - a) The PCB item, a capacitor, was shipped in a 55-gallon drum surrounded by packing material. Shipping weight of the PCB item, packing, and drum was 59.4 kilograms (131 pounds).
  - b) There has never been any PCB containing transformers in the VCM Plant.
  - c) The only PCB capacitor in the VCM Plant was removed and disposed of as described in 1. above.
- 2) The PCB capacitor was shipped to the following for disposal:

Waste Management of Alabama  
dba Resource Industries of Alabama  
Hwy. 17 at Milepost 163  
Emelle, AL 35469

This facility is owned and operated by:

Chemical Waste Management, Inc.  
2131 Kingston Court S.E., Suite 112  
Marietta, GA 30067

- 3) There are no other PCB's, PCB items, or PCB containers, remaining in service in the VCM Plant.
