CHARLES W. PARROTT
VICE-PRESIDENT AND SECRETARY

MANUFACTURERS OF PAINTS, VARNISHES AND LACQUERS

April 22, 1946.

Dr. Robert A. Kehoe,
College of Medicine,
University of Cincinnati,
Cincinnati 19, Ohio.

Dear Doctor:-

After discussing your letter of the 19th with Mr. Fasig we are of the opinion that the best plan to follow would be to have the discussion take place here at our plant. Our reason for this is that there are several individuals here whom your representative should see as he can get information from each one of them that we believe would be helpful to him in deciding just what should be done.

After collecting the information here and discussing it with our people he then after returning to Cincinnati can discuss it with you and any one else in your laboratory, and thus have the advantage of the advice of all concerned.

We should like to know a little in advance of the time your representative, who we assume will be Mr. Cholak, will come so that we can arrange to have here all of the men he should see.

He should ask to see Mr. Fasig, our General Superintendent, who will arrange for whatever investigations your representative wants to make.

Yours very truly,

DaKohr
