Pittsburgh (13), Pa.

Note to Members: Below are the names and addresses of most American publications covered by the Foundation's monthly INDUSTRIAL HYGIENE DIGEST. This list gives the abbreviations used after items in the DIGEST to indicate the source and is provided for the convenience of members in obtaining original articles. Unless otherwise noted, only file or library copies of publications are available here. When the complete article is desired please write to the publication direct. If a member is unable to secure a desired article then the Foundation will be glad to assist. In normal times many European journals are covered in the DIGEST. Because of wartime dislocations, many of these are unobtainable and therefore addresses are omitted from the current listing. These were included on our list issued in September, 1940. Members desiring copies of foreign publications are advised to communicate with firms which specialize in securing foreign periodicals, as G.E. Stechert & Co., 31 E. 10th St., New York, N. Y., H.W. Wilson Co., 950 University Ave., New York, N.Y. and F.W. Faxon Co., 83-91 Francis St., Back Bay, Boston.
