Here are instructions that should help with your search:

To search EPA's database for these ID numbers, go to the RCRAInfo Search, which can be found at this URL: <https://www3.epa.gov/enviro/facts/rcrainfo/search.html>. Change the "Facility Identification" field to Handler ID and put the ID number in the "Facility Identification Option Value" field. Scroll to the bottom of the search page and choose the status you'd like to search in the "Active/Inactive Site Option" and then click the blue search button. The search results will appear under the map. The handler ID will be a hyperlink that you can click to view more information about the site with that ID.

Tricia

That data base link you sent me starts in 2018 and does not answer my question. Can you please get the information to me in a timely manner.

Karen

You should be able to find that info here: <https://www3.epa.gov/enviro/facts/rcrainfo/search.html>. Let us know if you have any issues.

Some helpful background: The California Department of Toxic Substances Control (DTSC) implements the hazardous waste program in California including issuing ID numbers.

Subject: media question

EPA

Could you please tell me what company, facility or person the following EPA numbers were assigned to in 2009 and what type of activity was listed.

CAR000054650

FACSRCHo3
