

The Pistol Champion of Canada

THIS IS THE TITLE held by A. N. Beketov, a member of the Winnipeg Revolver Club and a user of U. S. .22 N.R.A.'s.

Mr. Beketov, in the Canadian Revolver Association's matches, won the Indoor Pistol Championship for Seniors, turning in the fine score of 456 x 500—only one point below the Dominion record—and more than justifying his reliance upon the accuracy of U. S. Ammunition.

Dr. G. G. Murphy, another member of the Winnipeg Revolver Club and also a .22 N.R.A. user, won the Intermediate Pistol Championship, scoring 438 x 500.

Over and over again it is proved that U. S. .22 N.R.A.'s—holder of world's records and national championships—are the choice of leading shots the world over.

The reason? **ACCURACY!**

Shoot them at Camp Perry. They give you all you hold for . . . these famous U. S. .22 N.R.A.'s—the choice of champions here and abroad.
