

7. Good personal hygiene practices are important in minimizing asbestos dust exposure. Do not smoke. Wash before eating. Shower after work. Change to work clothes upon arrival at work and change from work clothes at conclusion at work. Work clothing should not be taken home. Laundering as asbestos contaminated clothing shall be done so as to prevent release of airborne asbestos fibers in excess of the exposure limits.

CAUTION: DO NOT BREATHE ASBESTOS DUST

23. If there have been any changes in any labels, inserts or other information which has ever accompanied any of your products as it was placed on the market, state the reasons therefore and the name and address of the person who recommended or ordered the change.

ANSWER: Abex objects to this interrogatory on the grounds that it is overly broad, burdensome, lacks relevance to this case and is not reasonably calculated to lead to the discovery of admissible evidence. Without waiving and subject to these objections, Abex is not aware of any labeling changes.

24. State the names, titles and addresses of defendant's advertising agents who are employed or used in connection with the promotion of the product(s) specified in answer to interrogatory 6, and give a summary of all the instructions given to such agents regarding the uses, safety, and health related effects of the use of the products and their obligations to provide this information to customers.

ANSWER: Abex objects to this interrogatory on the grounds that it is overly burdensome in that the identities of those involved in the advertisement of Abex's products are not relevant to this action and will not lead to the discovery of admissible evidence. Advertising brochures may be on file and
