Attn: Mr. Walter Ewing

Dear Mr. Ewing:

In regard to your request for six months natural gas usage, and asbestos usage for 1983, I submit the following information.

For July through December, 1983, total gas consumption was 8,833 MCF or an average of 1,472.17 MCF per month.

I have broken the asbestos use into the two departments using this product.

A. Packing Department, using yarn, square braided asbestos, and bulk fibers: 7,617 pounds.

B. Friction House, coating asbestos cloth: 3,754 pounds.

C. Total usage (A and B): 11,371 pounds.

If I can be of any further assistance, do not hesitate to call me.

Yours Truly,

Send copy of 406 report on 406 Fibers to W. Ewing
