Dear Miss Lape:

In response to your letter of February 4th, I am sending the information which you requested in the form of a memorandum.

I have gone to some length in my reply since I prefer to give you a clear picture of the nature and the functions of the laboratory, rather than minimal answers to your questions. I trust I have accomplished this purpose. If any of the details are not clear to you, do not hesitate to inquire further.

Sincerely yours,

RAK:is
