

## 1967 SAE TRANSACTIONS

### PLAN A

This four-volume, hard-cover library edition contains over 198 specially selected full-length reference papers. One of the volumes provides an index and abstracts of papers contained in the first three volumes. A special feature of this abstract-index is that it covers all other literature presented in 1966 (from which 1967 Transactions papers were selected.). Approximately 3000 pages.

Regular price: \$225.  
Standing orders and Re-  
newal Rate: 175.

### PLAN B

A microfiche version of Plan A. The abstract-index volume is included along with separate microfiche of each paper (and its discussion) approved for the 1967 SAE Transactions. Over 220 microfiche.

Price: \$90.

### PLAN C

Expanded version of Plan B. Microfiche of all papers presented before the Society in 1966. Included are microfiche of 1967 SAE Transactions papers and discussion and the abstract-index volume. 650 microfiche.

Price: \$250.

### PLAN D

Offers the 1967 SAE Transactions Abstract-Index volume covering all papers presented in 1966. No full-length papers appear in this book, although papers covered will remain in preprint form available until December 1967.

Microfiche of all papers will be permanently available from SAE. Price: \$6. to SAE members, \$8. to public and university libraries, \$10. to nonmembers. (On overseas delivery, add \$1. for postage to the \$8. and \$10. rates shown here.)

## COUPON BOOKS

SAE coupon books will save you time and money. They enable members and nonmembers to buy, at a 10% discount on member and nonmember price, all Society publications with the exception of periodicals (Journal, Transactions, and Handbook).

**SAE MEMBERS\*** - One coupon book contains 20 coupons worth \$.75 each. A \$15. value, members may obtain coupon books for \$13.40 each. These books are for the personal use of SAE members. Thus, a member's name must accompany an order. Payment required in advance.

**NONMEMBERS** - One coupon book contains 20 coupons worth \$1. each. A \$20. value, nonmembers may obtain coupon books for \$18. each. Payment required in advance.

\* Coupons are not applicable to membership dues.

## SAE AEROSPACE-AUTOMOTIVE DRAWING STANDARDS

**DS 1** SAE AEROSPACE-AUTOMOTIVE DRAWING STANDARDS MANUAL - Gives techniques used in specifying engineering requirements on drawings that have already been proven by experience in the manufacture of aerospace and ground vehicle products. In 425-page loose-leaf form, it represents a 10-year coordination effort in the United States. During this time, industry and the Military Services worked through three SAE drafting committees to consolidate practices recognized by both aerospace and ground vehicle industries and by American-British-Canadian Conference drafting groups. Price includes 3-ring binder.

Price: \$16.

## AEROSPACE SPECIFICATIONS AND STANDARDS

### AS, ARP, AIR INDEX

330 SAE Aerospace Standards (AS), Aerospace Recommended Practices (ARP), and Aerospace Information Reports (AIR) are indexed in this booklet. ASs are design and/or part standards applicable to missile, airframe, ground support equipment, propulsion, propeller, accessory equipment and airline industries. ARPs give dimensional, design and/or performance recommendations intended as guides for standard engineering practice. AIRs contain engineering data and/or general information useful to aerospace industries. No charge for initial copy. \$.50 to members and nonmembers for additional copies. Minimum order \$1.

### AMS INDEX

Over 1000 SAE Aerospace Material Specifications are indexed in this 16-page booklet. Covered are fabricated parts and assembly accessories, material tolerances, quality control procedures and processes. They list chemical composition and cross reference similar specs and materials for: corrosion and heat resistant steels, wrought low-alloy steels, cast iron and low-alloy steels; aluminum, magnesium, copper, titanium, and miscellaneous nonferrous alloys; non-metallics; special property materials, and refractory and reactive materials. \$.50 to members and nonmembers. Minimum order \$1.

## 1968 SAE HANDBOOK

Contains surface vehicle standards, recommended practices, and information reports approved by the Society. Major sections cover ferrous metals; nonferrous metals, nonmetallic materials, threads, fasteners and common parts; electrical equipment and lighting; powerplant components and accessories; passenger cars, trucks and earthmoving equipment; marine equipment.

Price: \$3.50 for first copy to SAE members only. Subsequent copies to members \$25. each. List price to nonmembers is \$25. Price to public and university libraries and U.S. Govt. bureaus is \$12. a copy. Please add \$1.25 for foreign postage.

\*Note: Xerox copies (or tearsheets if available) of Handbook pages may be obtained for \$.25 a page. Minimum order \$1.

## SAE JOURNAL

Is the Society's monthly technical publication. It contains authoritative articles-in-depth developed from recent SAE technical papers and reports, SAE national, section, and committee meetings, and interviews with members. Actions and activities of SAE and news of SAE members are reported. Yellow pages section enables depth retrieval of technical information published by the Society.

Price: Initial subscription to SAE members covered in dues payment. Additional subscriptions to members are \$5. per year.

Price to public and University libraries and U.S. Government bureaus is \$8. (outside U.S. \$10.) Nonmember price is \$12. (outside U.S. \$14.)

NOTE: A Journal subscription may be obtained by writing to SAE, 485 Lexington Ave., New York 17, N. Y. Do not list on attached Order Form since it requires a separate order.

## SAE HANDBOOK—SPANISH EDITION

Is an abridged edition in the Spanish language. It contains SAE standards and recommended practices selected for usefulness to ground vehicle design engineers. Metric equivalents appear for inch dimensions. One hundred and twenty-three reports relate to such components as lighting, braking, suspension, seat belts, steering, tires, and other hardware. Sponsored by the SAE Mexican Section. 228 p.

Price: \$7.50
