Attention: Mr. A. J. Heins,
~~Purchasing Agent~~

Gentlemen:

Your Purchase Order 21726, a blanket order for seven tons of our AX-2545-M Asbestos Fiber, has been received, and we extend our thanks for your ready cooperation.

We are aware of your efforts to substitute a Canadian Chrysotile fiber for this African Blue and in fact, we have been in contact with our Mines and your Mr. E. J. Jaeo on the subject.

This letter will confirm that should a suitable substitute be found, your blanket order for the African Blue may be cancelled without cost to you. Thank you again for your assist.

Very truly yours
