Final Agenda 03-14-2017 FINAL.pdf

Unfortunately, the hotel does not have a head of security. But the sales and catering manager is copied to this email if you need further confirmation.

Additionally, the final agenda is attached.

Christopher, please review email below from Administrator Pruitt's office, he's planned to be in attendance on Monday 20th.

Thanks!

Likely 9:45 for the Administrator.

I and a member of his security team will be there about an hour before to do a walk through.

Could you please give me the name of Head of Security at the hotel?
