- C.D. Bohl, A2SC

April 8, 1976

Bill Papageorge, B3NB

I received a call from Bob Kunkle, True Temper Corporation, Ashtabula, Ohio, concerning the cleaning of some transformers containing ASKAREL and the disposal of the fluid. I transferred that call to you.

Dr. Fred Johannsen also received a call concerning the same matter from Bob Knarr of the Cleveland OSHA office. I am attaching his notes of his call.
