ADDRESS FOR TELEGRAMS
1301 WALNUT STREET
PHILADELPHIA, PA.

April 25, 1935.

Dr. Robt. A. Kehoe,
University of Cincinnati,
Cincinnati, Ohio.

My dear Doctor Kehoe:

I shall be very much indebted if you will give me the benefit of your advice as to the value to be placed on the presence of stipple cells in the blood of applicants for employment in a Lead plant.

In other words, what degree of stippling would you consider to exclude employment.

Many thanks for your courtesy and with kind personal regards, believe me

Very sincerely yours,

N 6201
