Attention: Dr. Ralph Munch

Dear Ralph:

I would appreciate it if you could help us determine the concentration of PCB in air in various areas of our plant. Could you loan us a sampling device and perform the gas chromatographic analysis of the samples obtained?

We intend the data for our own information and not for any state or federal agency. If you have any questions regarding this project, please feel free to call Dr. Moore. Thank you for your consideration and best regards to you.

Sincerely yours,

ELECTRICAL UTILITIES COMPANY
