SCHOOLS

ATHLETIC FIELD MARKING PAINT

Emulsion-type striping paint designed especially for marking football fields, baseball diamonds, soccer fields, clay tennis courts, volley ball courts, cinder running tracks and similar sport areas. Fast-drying, durable, easily applied. Does not destroy the turf. Contains no lime, and on contact with skin it is as mild as most facial soaps. Popular in America's largest universities and professional baseball and football leagues.

STADIUM SEAT ENAMEL

Durable alkyd enamel, formulated especially for stadium use—box seats, bleachers, circus seats, benches—wood or metal. Equally good inside or outside. Gives seats and benches a washable enamel finish, so durable it withstands foot traffic. Not affected by body heat, food or beverage deposits. Easy to brush. Popular in many of America's largest stadiums.

PROFESSIONAL TRIM & TINTING OUTSIDE WHITE No. 22

Special Master Painter product. Has brilliant whiteness and gloss. Non-chalking, will not stain adjacent natural stone, brick or siding. Designed for tinting with Dramatone Tinting Colors or with Colors-In-Oil. May be used as a white paint without tinting, on trim, shutters, siding, etc.

PROFESSIONAL ULTRA FLAT LATEX PAINT

Self-priming, ready to use, quick drying, easy to apply, no fire hazard. Beautiful colors that match SPRED SATIN. Gives you all the advantage of latex paint at an economical cost.
