**Subject:** [EXTERNAL] Invitation to schedule meeting with the American Coal Council May 7 -8 , 2025

The American Coal Council (ACC) would like the opportunity to schedule a meeting with the Department of Energy, Secretary Wright on May 7th or 8th , 2025, to discuss critical issues affecting the coal industry.

The ACC represents the interests of the American coal industry supply chain, including coal producers, consumers, transportation companies and support service firms.

As the nation progresses under President Trump's second term, the coal industry is excited for the many opportunities ahead of us to strengthen our industry for decades to come. With supportive policies, technological advancements, the rebuilding of manufacturing and infrastructure, and a commitment to energy independence, coal will continue to be a vital component of the nation's energy strategy.

We look forward to scheduling a meeting with the Administrator and discussing these important topics and exploring ways to ensure the continued success and stability of the coal industry.

The Honorable Chris Wright  
Secretary, U.S. Department of Energy  
1000 Independence Avenue, SW  
Washington, DC 20585

Dear Mr. Wright

Congratulations on your confirmation as Secretary of the U.S. Department of Energy from the American Coal Council (ACC). We look forward to collaborating with you to advance policies supporting the coal supply chain and ensuring America's thermal and metallurgical coal resources fuel economic growth. The ACC uniquely represents the entire coal supply chain, a vital industry and way of life for millions of Americans.

While coal drives economic prosperity, challenges like renewable energy mandates, fossil fuel restrictions, and baseload power plant closures threaten grid reliability and

our economic future. Addressing global energy competition and modernizing infrastructure with coal resources is crucial. Your bold commitment to energy security is truly appreciated. The ACC has long advocated for an energy plan that works and that is through innovation and using energy sources that work.

We must foster a regulatory environment encouraging investment and innovation in the coal sector, guided by reliability, resilience, and security. With supportive policies, technological advancements, and a commitment to energy dominance, coal will remain vital to America's energy strategy.

The ACC is dedicated to a future where coal fuels economic growth, energy reliability, and innovation. By working with you, industry leaders, and communities, we can achieve these goals and secure a prosperous future for coal and America.

**The ACC will be in Washington DC with members May 5-8, 2025 and would like to schedule a meeting with the agency to discuss how to strengthen our energy supply chain. Would you have availability on May 8, 2025, for a meeting with ACC members.**
