

the FMSI and the AIA, the Asbestos Information Association. You are familiar with the AIA?

MR. HARKINS: I object to the form of the question because it is complex. It started with a statement and ended with a question.

BY MR. DeLUCA:

Q Are you familiar with the AIA?

A Yes.

Q The AIA was formed by the asbestos companies of North America; was it not?

A I don't know.

Q Does your memo that you have in front of you under AIA, Asbestos Information Association of North American, does it state that this association was recently formed by the asbestos companies of North America?

A That's what someone had told me.

Q And was it the intention of the FMSI to work closely with the AIA on asbestos-related issues that would impact the brake lining and clutch facing industry?

A We were not going to work with them. We were going to take whatever information they had
