Reference: Quemetco, Inc. Projects

Dear Dr. Kehoe:

It was a pleasure meeting and talking with you this past Friday afternoon, and I especially appreciate receiving a copy of the booklet "Industrial Lead Poisoning" authored by you. I have found it most interesting and assure you that all of those at Dues Building Systems involved in the Quemetco projects will consider it "must" reading.

As we discussed, you will review the drawings that I gave to you, and comment and make recommendations based on your areas of knowledge and experience.

After you have finished your review of the plans, please contact me and I will be happy to meet with you at your convenience to review your findings.

Sincerely,

DUES BUILDING SYSTEMS, INC.

R. L. Dollins
