Gentleman....not so sure by looking at this distribution list...I'm not sayin', I'm just sayin'.

Tate- drop me a note if would like to further explore the prospect of the field visit. I can outline some great options for such a visit and discuss logistics. Very honored to be considered.

Tate,

I have cc'd Tommy Johnson from CONSOL Energy and Mike Carey from Murray Energy on this email. We had discussed Administrator Pruitt visiting the CONSOL Bailey Mining Complex in Green, County, PA and the Murray Energy Century Mine in Beallsville, OH on Wednesday, April 12<sup>th</sup>.

Both of these gentlemen can provide extensive details on the mine sites and area as well as offer turn out from the mining employees located at the mines and in the area. We look forward to working together to develop an informative visit and tour for the Administrator and his team. Thank you.

Best,  
Jerry Mullins
