Kristin, Karen,

Because we had two different versions of the draft IM out for review and comments were submitted in a variety of formats, rather than providing a marked-up version of the draft IM, I am providing a new version (KB version with all SOL comments accepted) with a few comments (attached) and a separate summary of the comments received from the Mitigation Working Group (also attached). I have not received any comments from ELT or Field Committee members to date. Primary concerns of the Working Group are:

(b) (5)

I think the revisions to the draft IM address these concerns.

(b) (5)

Concerns on the process for revision of the Manual and Handbook were primarily:

On the timeline:

Please let me know if your have received other comments for consideration and our next steps.
Thank you.

Thanks, Deblyn! Could you please get some time on my calendar before Tuesday next week so we can discuss? Our briefing with Mike is on the 21st and I'd like to discuss next steps with you in advance of that. Thanks, and happy 4th!
