Water Levels, PCB Are Panel Topics

Journal Madison Bureau
Madison, Wis. — Fluctuating Great Lakes water levels and problems with the industrial compound PCB will be discussed by the Wisconsin Coastal Zone Co-ordinating and Advisory Council in an all-day session Dec. 2.

The meeting will begin at 8:30 a.m. at the University of Wisconsin Memorial Union here.

Three UW professors, Carlyle Runge, James Knox and Charles Falkner, will be on a panel discussing water levels.

James Allen, a UW researcher, will report on the response of monkeys to varied amounts of PCB in their diets.

Stanton Kleinert, chief of the Department of Natural Resources water surveillance section, will discuss state and federal actions in regard to PCB.
