PCB - Removal for Effluents

H. S. Bergen - B2SL
G. Jessee - 1060
M. Mullins - F4WB

W. R. Richard - T3A

→ J Savage
any objection?
- if so, advise Bill P.
AHB

Dr. Robert E. Opferkuch, Monsanto Research Corporation, Dayton, called Gene Jessee at Anniston requesting permission to include the results of the Anniston PCB removal studies in a bid being prepared for an EPA grant.

It appears that this may be an opportunity to share some of the costs of the study with MRC. Are you interested?
