

LO-SCENTTM Odor Inhibitor

masks the odors of conventional and invert herbicide spray emulsions and oil solutions.

CAUTION: Keep out of reach of children. See other cautions.

NOT FOR USE ON FOOD CROPS

For use with herbicides for weed and brush control on railroad, highway and utility rights-of-way; forests and rangelands.

DIRECTIONS

For conventional and invert emulsions where water is used as a diluent:

Add the required amount of LO-SCENT odor inhibitor to the herbicide concentrate; then add this mixture to the water in the spray tank and mix thoroughly.

For oil solutions such as basal or dormant cane broadcast sprays using oil as a diluent:

Add the required amount of herbicide concentrate and LO-SCENT to the oil in the spray tank and mix thoroughly.

DO NOT USE with oil soluble and emulsifiable concentrates only. Do NOT mix with water soluble amines or salts such as WEEDAR 64.

AMOUNTS TO USE

Invert Emulsions:

Use approximately 2% fluid ounces LO-SCENT per gallon herbicide concentrate.

EXAMPLES

Herbicide	LO-SCENT
1 gal.	3 fl. oz.
3 gal.	1 cup
5 gal.	$\frac{1}{2}$ to 1 pt.

Oil Solutions:

Use approximately 10 fluid ounces LO-SCENT per gallon herbicide concentrate.

EXAMPLES

Herbicide	LO-SCENT	OIL (diesel oil)
2 gal.	1 pt.	98 gals.
4 gal.	2 pts.	96 gals.
6 gal.	3 pts.	94 gals.

The above amounts are average requirements. Since some oils have stronger odors than others, and herbicides have varying odors, more or less LO-SCENT may be required. The addition of LO-SCENT will not affect the herbicidal effectiveness of herbicide-oil mixtures.

CAUTION

Harmful if swallowed. Avoid contact with skin, eyes or clothing.

Follow appropriate cautions on label of herbicide used.

Do not use for purposes other than those recommended on the label.

WARRANTY

Amchem warrants that composition of this product conforms to the chemical description given in the ingredient statement and the product is suited for the purposes described when used according to directions. Because of the broad range of conditions which may be encountered with the use of this product, it is impossible to eliminate all risks, even though label directions are followed. Amchem, therefore, makes no other express or implied warranty, and no agent of Amchem is authorized to do so. Buyer agrees, in purchasing this product, to assume the risks and in the event of damages arising from a breach of the warranty to accept refund of the purchase price of the product as full discharge of Amchem's liability.
