Dear Jeanette:

Thanks for your follow up memo of the 24th regarding additional certification letters about which you are inquiring.

At the same time, I'm assuming that the two letters which you included are copies for my file and do not have to be returned to you.

I appreciate your reminder regarding the changeover to the A.E. Staley Starch and we will mark our formulas accordingly.

Cordially yours,

Julius Nemeth

Check to see if we've had anymore certification letters in.
