Q And how long did you keep that car?

A I kept it a long time. I had it a long time.

Q And after Mr. Grewe became ill, was he not able to do any of the house maintenance, or the car maintenance that you described?

A No, he couldn't do nothing.

Q Now, if you could, Mrs. Grewe, tell us when you first noticed any change in your husband.

A He had got up one morning and he said he wasn't feeling well. And he said his chest was like it was going side by side, so I told him to stay home and I would take him to the doctor's, and that was in October of '92.

So, my boy had come down to take him to work because they used to ride together. He used to come by and pick him up, and I told him to go ahead and go to work, that I was going to take his dad to the doctor, and he said call me later on when you find out.

So, I took him to the doctor's and the
