

Dear [REDACTED],

Thank you for your kind invitation to speak at PFAS Updates Europe 2024.

ECHA is not in a position to provide a speaker for this upcoming event. This is due to pressure on resources in the areas dealing with the universal PFAS Restriction. I do hope you appreciate our position and understand our decision.

I wish you a successful event.

Best regards

[REDACTED]

Event Title, Place and Date: PFAS Updates Europe 2024, 16 October in Brussels

Language/s used at event: English

Target audience: Producers of PFAS, and companies who are using PFAS in their production or products and articles

Expected number of participants: ca 80

Registration fee for participants: €885

Number of presentations from ECHA: 1

Program agenda and Topic/s that ECHA is expected to present: Dear ECHA team,

I would like to invite a presentation to provide an update on ECHA's latest work relating to PFAS, especially the UPFAS restriction proposal, as part of session 1 'Latest EU level updates' alongside a COM and a BAuA representative at the PFAS Updates Europe 2024 conference. Your team dealing with PFAS will have a clearer idea of the most relevant topics your speaker can cover by October. From my perspective now, it would be great to have a brief summary of the 2024 developments, including the criteria that are being developed for forming RAC and SEAC opinions, and an updated timetable for ECHA's workplan, for example when and how the different sectors will be tackled and, if

possible, setting out the outcomes from the latest meetings. Please let me know your requirements as soon as possible and I may still be able to adapt the programme, if necessary!
