DRAFT BHRC OVERSIGHT AND TECHNICAL COMMITTEE CONFERENCE CALL MINUTES

April 6, 2006

Attendees:
Don Burnett, BP
Stuart Cagen, Shell Chemical
Patsy Clegg (Chair), Shell Chemical
Brian Doll, ExxonMobil
Mark Fitzsimmons, Steptoe and Johnson
John Wagner, API
Russell White, API
Zach Wong, Chevron

Decisions & Action Items:

Irons request for "No cost extension" to University of Colorado grant to provide more time to finish analysis:

- Agreed to support "no cost extension" to University of Colorado grant
- API to request Dr. Irons to provide technical justification for delay in schedule to meet API grant requirements
- P Clegg will communicate decision and follow-up actions to Irons

BHRC OVERSIGHT COMMITTEE MEETING DRAFT MINUTES
August 18, 2005

Attendees:
Patsy Clegg (Chair), Shell Chemical
Bruce Jarnot, API
Lynn Russo, ExxonMobil
Brian Doll, ExxonMobil
Mike Johnston, ConocoPhillips
Jennifer Galvin, ConocoPhillips
Russell White, Chevron
Lorraine Twerdok (by phone), API
Mark Fitzsimmons (by phone), Steptoe and Johnson

Action and Agreements:

1) The Oversight Committee approved the 2Q05 budget report with the following changes; (Lorraine to)
    a. Delete word “slightly” and “”(APCO)” from Text Summary worksheet.
    b. Add interest returned from UCHSC to Income worksheet.
    c. Project future income from interest on Income worksheet but don’t add interest income to any cost center.
    d. Reconcile income on Invoice Detail worksheet with Executive Summary worksheet.
    e. Revise income line on Executive Summary worksheet to reflect new invoice/payment schedule.
2) Patsy to add agenda item to future OC meeting to discuss when the BHRC will sunset.
3) Patsy to add agenda item to future OC meeting to discuss the BHRC position as to whether individual company requests for information from consortium counsel should be billed to the consortium.
4) The OC decided to initiate routine, “not for cause”, financial audits of UCHSC and AHS by API for grant funds received for SHS. API will submit an audit plan including scope and timing to the OC in September. The audits must be done by year end 2005.
5) Jennifer and Bruce will contact Dr. Rice to discuss his recent invitation to visit Fudan University to discuss the laboratory. They will advise Dr. Rice to contact Dr. Irons to more fully understand purpose of visit and consider expanding purpose of visit to review other aspects of SHS. This may require the assistance of other SRP members.
6) The OC agreed to limit the mailing for the SHS Annual Meeting to business logistics (agenda, directions, etc.). The information will be e-mailed to invited attendees and also paper mailed to Chinese investigators. This information will be added to the SHS website and a reminder sent to those people who have not already booked a room at the Ritz Carlton.
7) Jennifer and Patsy to develop agenda for Investigator/Sponsor meeting at the SHS Annual Meeting..
8) Jennifer to “moderate” closing plenary session which should include fifteen minutes for Dr. Irons.
9) Lynn to make sure a room is available for Sponsor representatives from 11 to 3:30 (which day?) at the Annual Meeting.

10) Jennifer and Bruce will clarify timing and structure of presentations with the speakers (30 minute talk, 15 minutes for discussion).
11) Lynn will check with the Ritz Carlton about having a reception there on Wednesday and moving dinner at the Peking Gourmet to Thursday.
12) The OC decided that no Annual Meeting summary was needed.
13) The OC decided to invite business sponsors to the SHS Benzene Symposium at Georgetown University.
14) Lynn will call ORC to seek a recommendation on which OHSA representatives should be invited to the Symposium in addition to any ORC members who would like to attend.
15) Lynn will draft a "1-pager" for the Symposium to help attendees understand why the SHS study was initiated and the overall structure of the study. Other handouts for the attendees should include a list of the investigators, their titles, and role in the SHS. Name tags should be provided to all attendees.
16) Bruce will contact Dr. Rice and recommend that the Symposium finish earlier to optimize participation. To help reduce the time, the session on the "Diagnostic Laboratory" could be a short part of Dr. Iron's other talk. The OC suggests that the Welcome session be 10 minutes for Dr. Rice and 20 minutes for Patsy to discuss the Sponsor's perspective.
17) The OC decided that no Symposium meeting summary was needed.
18) Jennifer will ask Mike Bird to contact Dr. Irons to; 1) determine his understanding of the distribution of the semi-annual reports and ask him to directly copy other PIs in the future, 2) remind him that publication submissions should go to the SRP and Sponsors per the protocols for Sponsor informational purposes, 3) please add a section to his semi-annual reports to include "papers in progress" (in-progress, submitted, accepted, published), 4) to please call Otto Wong to discuss recent progress made on the EA part of the SHS.
19) Request for companies to identify someone to assist an estimated 1 day/week in translating technical language from Mandarin to English.
20) API to set up OC conference calls in mid-September and mid-October.
