

1 A Yes.

2 Q Would Mr. Vandergucht do that, pack the
3 doors or be around? .

4 A He would be around, yes.

5 Q Did you also put up some United States
6 Gypsum Fire Code at Sinai Hospital?

7 A No.

8 Q You mentioned you knew Mr. Vandergucht, but
9 am I correct, you didn't work on the same crew that he
10 worked on?

11 A No, there were two different crews, finish
12 crew and base coat crew.

13 We were all together and they would have
14 been two or three days maybe ahead of us, but we would
15 be on the same floors periodically.

16 Q Is it fair to say you might have worked with
17 him one or two days per week?

18 A Yes.

19 Q Maybe an hour at a time?

20 A Well, I wasn't working directly with him, he
21 would be ahead of me.
