Chad:

I hope you are doing well and I know it is very busy over there at EPA. Attached is a letter that we have addressed to Administrator Zeldin outlining the cement industry's support for the ENERGY STAR and Smart Sectors programs at EPA and to preserve these programs during the Trump Administration as they are key programs to help the industry implement energy efficiency practices and maintain key discourse between the cement industry and EPA staff. Please let us know if you have any questions. Thank you.

Best,
Louis Baer
