

September 23, 1940

Mr. H. R. Berg
Ethyl Gasoline Corporation
1917 Buchanan Street
North Kansas City
Missouri.

Dear Mr. Berg:

Thanks for your letter of
September 9th with its enclosure of Mr. Nixon's letter
of the same date.

From the information given
by Mr. Nixon, it seems improbable that we are dealing
here with a case of lead poisoning. However I should
consider it wise for you to instigate a discreet
inquiry and to let us know of any further information
which you are able to obtain. It may be possible to
find out the doctor or the doctors in the case, and
we might be able, by correspondence with them, to get
all the necessary information. However we will expect
you to advise us as to whether this is feasible or
desirable since we do not wish to create difficulties
where they do not already exist.

Very truly yours,

RAK:is

Robert A. Kehoe, M.D.
