Dr. R. A. Kehoe,

Dear Dr. Kehoe,

We are quoting herewith a report from our Mr. Cottrell in the Tulsa division regarding an alleged case of poisoning. The Mr. Barrett referred to is district manager for the Texas Company at Dallas:

"Mr. Barrett stated that [REDACTED] who operates one of their stations at California and Weaver Streets, Gainesville, Texas, about six months ago broke out with sores all over his body, and his doctor being unable to cure same suggested that it might be lead poisoning. Mr. Barrett stated that Mr. [REDACTED] wrote you regarding the above and all he wants is to be cured and he thought perhaps our doctors could help him."

Mr. Ronan states that Mr. [REDACTED] did not write to our Tulsa office, and the writer has no knowledge of it coming to New York, although you may have heard of the case from some other source.

Very truly yours,

J. C. Taylor
