D. E. Roush - B2SC
J. R. Savage - B2SL
C. B. Sigler - B2NH
J. F. Stapleton - B2SA
P. G. Ziegenfuss - Q5ED

During our discussion on February 24 we agreed that the following statement will be added to all Therminol labels:

"Heat transfer fluids are intended for INDIRECT heating purposes. Under no circumstances should this product contact or in any way contaminate food, animal feed, food products, food packaging materials, pharmaceuticals or any food-related items. Any contact may contaminate these items to the extent their destruction may be required. Precautions against ignitions and fires should be taken with this product."

Bob Sido will arrange for the design of supplementary labels to be affixed to material now packaged and in inventory. He will also arrange for the overprinting of labels on hand and arrange for a proof to be used for all new labels.
