PO Box 40
Ashtabula, Ohio 44004

Attention: Mr. J. F. Baker

Subject: Your Inquiry 53166

Gentlemen:

With reference to the above subject, we regret that we are unable to quote on your requirement.

As of January 31st we have discontinued the cutting or machining of asbestos-containing materials. We could supply you one sheet of untrimmed Transite 4" x 48" x 96" at a cost of \$749.00/lot. Manville Corporation has come out with an asbestos free cement board called Transite II. This material is available in a maximum thickness of 3".

We wish to thank you for this opportunity of quoting on your requirements and trust we may continue to receive your valued orders and inquiries.

Very truly yours,

RED SEAL ELECTRIC CO.

C. M. Ogrin
