GROUP INSURANCE DIVISION

INSURANCE COMPANY

FOREWORD

A LIST of Metropolitan Group policyholders, of record on January 1, 1934, is given in this booklet. These policyholders are classified according to the business, industry or service in which they are engaged as well as alphabetically and geographically.

Companies that are concerned with more than one product are, in certain cases, listed under more than one heading. All supplementary listings are indicated by asterisks.

Companies insured under Wholesale and Group Annuities plans are included also. The latter are given separate classification in the alphabetical section only (page 54).

The alphabetical and geographical lists include the names of individual firms insured as members of a trade association, but, in the classified list, only the name of the association appears.
