Dr. Robert A. Kehoe, Director,
Kettering Laboratory,
University of Cincinnati,
Cincinnati, Ohio.

Dear Doctor Kehoe:

Again thanks, for myself and the Pennsylvania Railroad, for the splendid job you did at Altoona.

I was much impressed and pleased with the fact that the lay members of your audience seemed to benefit quite as much from your talk as did the physicians.

I would appreciate very much having the reprints which you stated would give the information you had intended to give to us by means of slides.

If you can recall the name of the lawyer or lawyers who you feel are especially qualified in the trial of lead cases I would be glad to have that information too. With kindest regards, I am

Sincerely yours,

A. M. W. Hursh
