The formula is on every can

The only safe way to judge paint is by the RE-  
SULTS it gives. Monarch 100% Pure Paint may  
cost slightly more per can than cheap paint, but it  
costs less per job, because it goes farther, and be-  
cause it lasts longer after it is applied. It is ES-  
PECIALLY adapted to this climate, being resistant  
to salt air. Specify "Monarch" Paint.
