Good afternoon,

I hope you all are doing well and have some good plans ahead for this spring. I am writing to you all today recognizing that Governor Mead's term ends at the start of the New Year. I have been with the Governor since he started in 2011 - time flew by. I have had opportunities to work with all of you and on interesting issues. There is much remaining to accomplish but it is also an important time for me to consider next steps.

I am sending this email to ask each of you to keep me in mind with job opportunities you hear of. It would be most appreciated. I have primarily worked on energy and natural resources issues and related policy development matters, but there are many good opportunities. I am open to consider much more. I am happy to send you my resume or discuss further.

Thank you for your consideration. I have enjoyed working with all of you, look forward to completing the tasks initiated during the Governor's administration and to the steps that follow.

Regards,

Colin
