Reminder: the Cooler Heads Coalition will meet beginning at 12 noon today at CEI, 1310 L Street, N. W., Seventh Floor.

For those who were not able to make one of our events last week, we still have some copies of Rupert Darwall's new book, Green Tyranny, to hand out at today's meeting.

John Christy and Richard McNider published a new paper last week, which you can read about at <https://wattsupwiththat.com/2017/11/29/study-no-acceleration-in-global-warming-climate-sensitivity-to-co2-too-high/>
