Yeah, actually our policy office, Brittany Bolen and Samantha Dravis is taking on the CAFÉ issue.

Brittany you know. She's at bolen.brittany@epa.gov

Subject: Arconic/CAFE

Ryan, We represent Arconic (they spun off from Alcoa) which manufactures aluminum parts for the automotive industry. They are a \$12.5 billion company with 23,000 employees across the United States. With the departure of David Schare, I wanted to reach out and see if you could point me in the right direction for a point of contact regarding CAFE way forward. Arconic would like to meet with someone next week if at all possible. Thanks. Russ
