

From: 5.1.2e
Location: Microsoft Teams Meeting
Importance: Normal
Subject: Fluoropolymer Incineration study - Preliminary results
Start Date/Time: Thur 6/15/2023 11:00:00 AM
End Date/Time: Thur 6/15/2023 1:00:00 PM

Dear All,

With respect to the concern on incomplete thermal degradation of fluoropolymer applications at their end of life in waste-to-energy recovery plants, Gujarat Fluorochemicals initiated a study project on 'Incineration of Fluoropolymers at their end of life' in collaboration with Karlsruhe Institute of Technology (KIT), SGS and other stakeholders.

KIT, SGS and 5.1.2e shall present the methodology and preliminary results of the study.

We would also take this opportunity to present data on PFAS footprint associated to the manufacturing of fluoropolymers prepared by an independent consultancy - Ramboll.

Please find the meeting invite for 15 June 2023 at 13:00 - 15:00 CET.
